

Winter Alert Information regarding Busing

St. James School does not have delayed openings. If school is to be in session, the opening time is as usual.

If the weather is inclement in the morning and you have not received a phone call alert regarding closing, check our website (mysaintjames.com). If there is not a statement that the school is closed but you are concerned about busing, check your public school sending district's website for a delayed opening in your area or listen to the radio for this information on 101.5 FM – Storm Alert

If the district has a delay of one hour, for example, your pick up time would be one hour later from the normal time. Students are not marked tardy on such days.

This information is in the Parent/Student Handbook and on the Winter Alert information sent home at the beginning of the school year.
