

St. Jude Children's Hospital dress down day.

Friday, January 6th

Bring in \$1 (or more) and help support sick children and their families.

All donations will be matched by Ann Inc. - parent company of Ann Taylor and LOFT

At St. Jude's Hospital:

- St. Jude is the only pediatric cancer research center where families never pay for treatment not covered by insurance. No child is ever denied treatment because of the family's inability to pay
- In 2009, *Parents* magazine named St. Jude the No. 1 pediatric cancer care hospital in the country, based on the magazine's survey of more than 75 children's hospitals nationwide.
- In 1962, the survival rate for acute lymphoblastic leukemia (ALL), the most common form of childhood cancer, was 4 percent. Today, the survival rate for this once deadly disease is 94 percent, thanks to research and treatment protocols developed at St. Jude.
- The daily operating cost for St. Jude is \$1.7 million, which is primarily covered by public contributions.
