St. James Elementary School, through our Care Steps Program, is currently preparing a long-term plan to allow us to continue to support our school community and those impacted by Hurricane Sandy. We will have a collection spot at our Community Day, where families may donate cash, checks or gift cards (*Visa, Lowes, Home Depot are just a few suggestions*). More details will continue to be shared as plans are organized. We welcome input and suggestions. Please send an email to caresteps@mysaintjames.com.
