

Dare 2 Care Food Drive

to benefit

We are kicking off our monthly Dare 2 Care outreach drives with a food drive to benefit LunchBreak, a local food pantry in Red Bank.

LunchBreak would appreciate any nonperishable food items you can donate as they feed a large population of community members in need. In these hard economic times, their food requests have increased as their donations have decreased.

Where: Please bring your donation either to the Fall Harvest Social **or** drop it in the donation box in the school lobby.

When: At the Harvest Social **October 20th** **OR** the week of **October 29th** at school.

*Please remember to check expiration dates. LunchBreak will not accept anything that is expired.
