Read

Story time classes introduce young children to books, rhymes, crafts, and other fun activities. Each session is tailored to match the children's different developmental levels and ages, incorporating entertainment along with early literacy and math skills. Children are introduced to vocabulary, phonological awareness, letter recognition, print awareness, narrative skills counting, number matching.

Rock

Music is fun! Enhance your child's development and love of music through song, dance, movement games, and instruments. With an array of styles, our music class helps children explore the power of rhythm and beat while nurturing key physical, social and intellectual skills. Dance and sing to a new musical style each week!

Roll

Our gym class is energy filled fitness and tumbling class. Children learn basic rolling, jumping and movement exercises while increasing their flexibility, balance, and coordination. Our aim is to help improve children's listening skills and ability to follow directions within a group.
